RULE 5. Schedule time and train-order time at Perth apply at end of double track.

Schedule time and train-order time at Lovelock apply at passenger station.

RULE S-72. Exception: No. 102 is superior to Nos. 27 and 21 except within Centralized Traffic Control.

Trains operate by CTC between Vista and Massie, but at stations where time is shown must not depart ahead of time.

**RULE 5.** Schedule time and train-order time at Perth apply at end of double track.

Schedule time and train-order time at Lovelock apply at passenger station.

**RULE S-72.** Exception: No. 102 is superior to Nos. 27 and 21 except within Centralized Traffic Control.

Trains operate by CTC between Massie and Vista, but at stations where time is shown must not depart ahead of time.

Except in emergency the following tracks must be left clear of cars, to be used for meeting or passing trains when instructed by train dispatcher:

|        |                     | Capacity |
|--------|---------------------|----------|
| Falais | North of main track | 45       |
| Parran | South of main track | 47       |
| Huxley | South of main track | 45       |
| Ocala  | North of main track | 45       |

Be governed by current timetable, bulletins and rules of WPRR, on WPRR track between Weso and Carlin.

On SP tracks between Carlin and Weso  
Automatic Block Signal System governs westward movement only, except between Carlin and west portal Tunnel No. 1, Palisade, signals govern movements in both directions.

**RULE 5.** Schedule time and train-order time at Rose Creek apply at end of double track.

**RULE S-72.** Exception: No. 102 is superior to Nos. 27 and 21.

**RULE 5.** Schedule time and train-order time at Moor and Valley Pass apply at end of double track.

**RULE S-72.** Exception: No. 102 is superior to Nos. 27 and 21.

Except in emergency the following tracks must be left clear of cars, to be used for meeting or passing trains when instructed by train dispatcher:

|              |                          | Capacity |
|--------------|--------------------------|----------|
| Anthony..... | South of main track..... | 46       |
| Fenelon..... | North of main track..... | 46       |

Except in emergency the following track must be left clear of cars, to be used to clear passing trains or when instructed by train dispatcher:

Moor..... North of main track..... 113

## SPECIAL INSTRUCTIONS—ALL SUBDIVISIONS

**RULE 5.** Schedule times shown in small type indicate special instructions in the timetable govern movement.

**RULE S-72.** Westward trains are superior to trains of the same class in the opposite direction, except as shown on pages 2, 3, 4, 5, 7 and 8.

**RULE 105.** Sidings designated "E" in Capacity of Sidings column are assigned for use by eastward trains; those designated "W" are assigned for use by westward trains. Those designated "M" for middle, may be used by trains in either direction.

Capacity of Sidings column indicates the number of cars of average length of 49 feet that siding will hold between fouling points, in addition to one steam engine and caboose.

## SPECIAL INSTRUCTIONS—SPARKS SUBDIVISION

**RULE 82-A.** Trains originating at Fernley and Hazen must obtain clearance.

**RULE 83.** If visual identification is made between Imlay and Humboldt; or Rye Patch and Perth, it will apply at end of double track. Trains to be identified will reduce speed sufficiently to permit identification and regular trains carrying signals will sound signal 14(k).

**RULE 83-B.** At open train-order offices, trains may register by ticket as follows:

Imlay.....First-class trains.

**RULE D-97-A** will apply:  
Between Sparks and Vista.

**RULE 105.** The following are designated for use as sidings:  
The track north of main track at:  
Parran and Huxley.  
The track south of the main track at:  
Falais and Ocala.

**RULE 204.** Trains of Sparks or Winnemucca Subdivision with the same conductor and engineer operating through Imlay may be issued train orders on one subdivision that affect their movement on the other, or both subdivisions.

**RULE D-251.** Applies as follows:  
On both tracks between Sparks and Vista.

## SPECIAL INSTRUCTIONS—WINNEMUCCA SUBDIVISION

**RULE 83.** If visual identification is made between Imlay and Rose Creek it will apply at end of double track. Trains to be identified will reduce speed sufficiently to permit identification and regular trains carrying signals will sound signal 14(k).

**RULE 83-B.** At open train-order offices, trains may register by ticket as follows:

Carlin..... Westward WPRR first-class trains.  
Imlay..... First-class trains.

**RULE 105.** The following are designated for use as sidings:

Winnemucca. First track south of main track is eastward siding; second track south of main track is westward siding, and connects with eastward siding at both ends. West switch of westward siding must be left lined for movement from westward siding and east switch of westward siding must be left lined for movement from eastward siding.

**RULE 204.** Trains of Sparks or Winnemucca Subdivision with the same conductor and engineer operating through Imlay may be issued train orders on one subdivision that affect their movement on the other, or both subdivisions.

## SPECIAL INSTRUCTIONS—ELKO SUBDIVISION

**RULE 83.** If visual identification is made between Alazon and Moor it will apply at end of double track. Westward trains except first class must identify opposing trains between Montello and Valley Pass incl., and apply such check at Valley Pass.

Trains to be identified will reduce speed sufficiently to permit identification and regular trains carrying signals will sound signal 14(k).

**RULE 83-A.** At the following stations only the trains indicated will register:

Wells—First-class, and trains originating or terminating.

**RULE 83-B.** At open train-order offices, trains may register by ticket as follows:

Montello..... First-class trains.  
Wells..... First-class trains.  
Carlin..... Westward WPRR first-class trains.

Helper engineers will register at roundhouse instead of train-order office at Wells.

**RULE D-97-A** will apply:

Between Alazon and Moor.  
Between Valley Pass and Montello.

**RULE 105.** The track north of main track at Anthony, and the track south of main track at Fenelon are designated as sidings.

Moor. Track south of main track is eastward siding and must not be used by westward trains except by train-order authority.

Valley Pass. Track north of main track is westward siding and must not be used by eastward trains except by train-order authority.

**RULE 204.** Any train order received by helper engineer on going trip Montello to Valley Pass, or Wells to Moor, will be respected on return trip unless fulfilled, superseded or annulled, but must not be acted upon after completion of round trip unless re-issued when beginning another trip.

Trains of Elko or Ogden Subdivisions with the same conductor and engineer operating through Montello may be issued train orders on one subdivision that affect their movement on the other, or both subdivisions.

**RULE 208.** Third and fourth paragraphs will not apply to eastward trains at Moor, and to westward trains at Valley Pass, when train to which restricting order is addressed is entering siding.

**RULE 221.** At Alazon, unless otherwise instructed, operator may clear the train-order signal for westward SP trains when no orders are held for westward SP trains.

**RULE D-251.** Applies as follows:  
On eastward track Alazon to Wells.

## SPECIAL INSTRUCTIONS—OGDEN SUBDIVISION

**RULE 83.** Conductors of westward freight trains at Ogden will notify train dispatcher through operator at 21st St. when their train is ready to leave, but will not depart until permission received from train dispatcher, and from yardmaster or his representative.

**RULE 83-B.** At open train-order offices, trains may register by ticket as follows:

Montello..... First-class trains.

**RULE D-97-A** will apply:

Between Montello and Lucin.  
Between Bridge and Ogden.

**RULE 204.** Trains of Elko or Ogden Subdivisions with the same conductor and engineer operating through Montello may be issued train orders on one subdivision that affect their movement on the other, or both subdivisions.

**RULE D-251.** Applies on westward track Lucin to Montello; and on both tracks between Bridge and Ogden.

## SPECIAL INSTRUCTIONS—WADSWORTH SUBDIVISION

**RULE 82-A.** Trains may leave Mason without clearance if no operator on duty.

Trains originating at Westwood, to move westward from Mason, may be given train orders at Westwood, and in such cases must receive SP clearance in addition to WPRR clearance at Westwood.

**RULE 83-B.** At open train-order offices, trains may register by ticket as follows:

Mason..... Nos. 545 and 546.

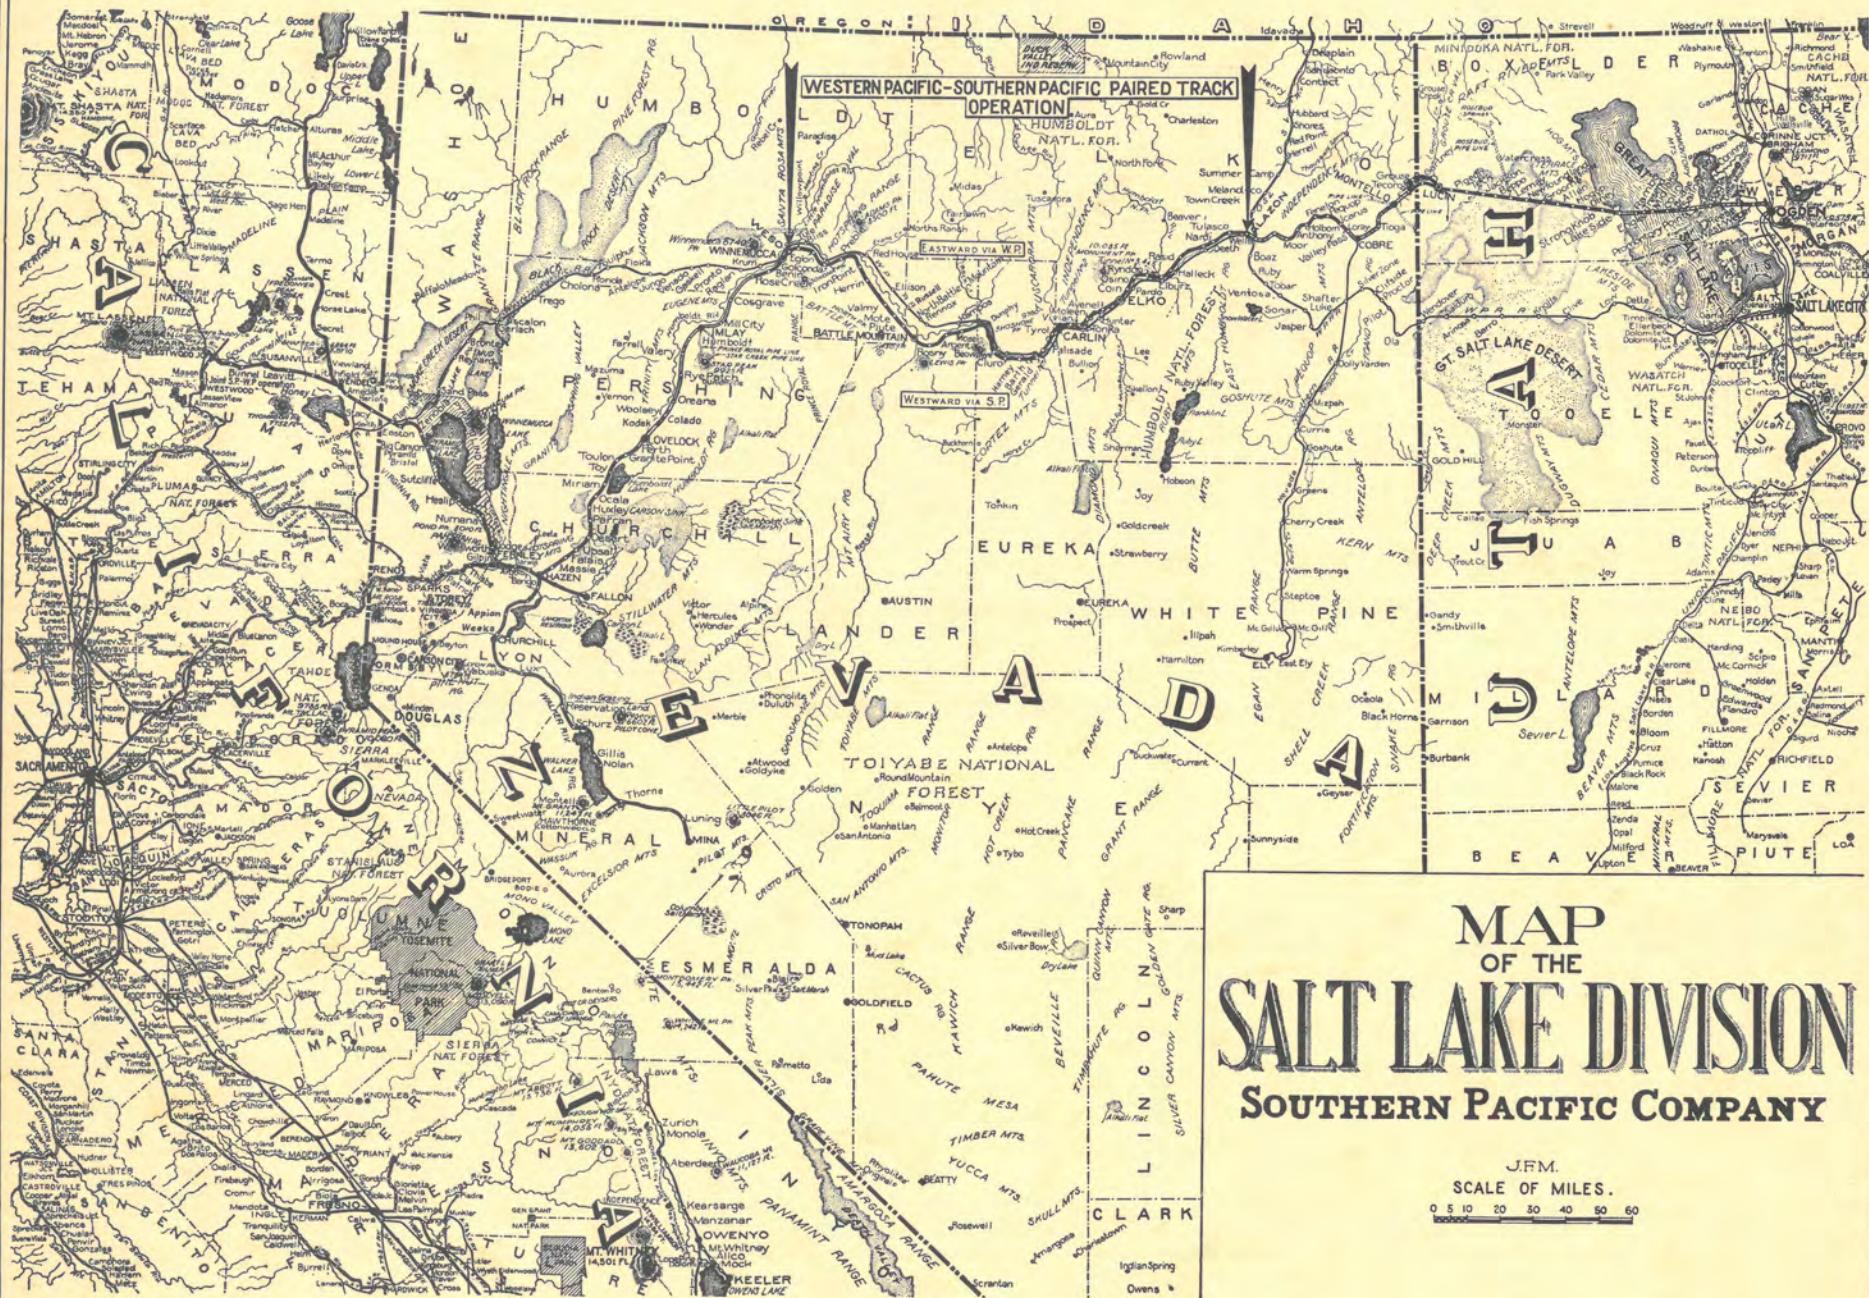

**RULE 221.** Light will not be displayed in train-order signal on Westwood Branch, except when train-order operator is on duty.

## SPECIAL INSTRUCTIONS—MINA SUBDIVISION

**RULE 82-A.** No. 607 may leave Fallon without clearance if no operator on duty.
