Trains must get clearance card before leaving Belen.

Rule 261 "TCS" in effect on main tracks between home signal of interlocking west end of Belen to interlocking crossover west end Dalies.

At Belen between end of two tracks (MP 933.7) and New Mexico-Albuquerque Division Junction (MP 932.4) there is no superiority of trains. Trains and engines within these limits must proceed at restricted speed; between these points, main track may be used not protecting against other trains or engines.

At Dalies westward trains from Belen District will proceed with current of traffic on proper home signal; proceed indication in lieu of clearance card and will display classification signals previously authorized.
